

To support the many active wind developments across the province, the Nova Scotia Department of Natural Resources and Renewables (NRR) is hosting a **Wind Supplier Session** to connect our local supply chain to onshore wind developers and other upcoming renewable energy opportunities.

The morning will consist of presentations by government, the Canadian Renewable Energy Association (CanREA), and various onshore wind developers to share information on upcoming projects. The afternoon is an optional networking business opportunity for industry to meet with developers. Targeted B2B meetings can be arranged.

Coffee, Tea, and light snacks will be available in the morning. Lunch will be provided.

A virtual option is available to view the morning session. Networking will only be available for in-person attendees.

### **Event Details**

When: Wednesday, May 10, 2023  
Time: 8:30 am – 5:00 pm ADT  
Location: Halifax Convention Centre (1650 Argyle St. Halifax, NS)
